

COUPON :

A Step Ahead
Physical Therapy

One 60-minute Functional Movement Assessment & Two 30-minute Follow-up Sessions (Valued at \$300)

\$165

- Identify limitations and/or asymmetries in movement patterns that put you at risk of injury.
- Decrease injury risk with specific exercises to address screening results.
- Extensive research has been conducted using the FMS with the athletic population showing that the risk of injury in the following season increases by 2-4 times if performance falls below a certain score.
